

The most important new feature built into every Wabash Trailer: **AFFORDABILITY**

Wabash National and **Midwest Trailer Sales** is making it easier for you to acquire new equipment with the introduction of Wabash National Financial Services. Regardless of the size of the deal, financing is vital to getting the equipment you need, when you need it.

With today’s budgets more constrained than ever you need customized and innovative finance solutions to help make your dollars go further whether you are looking for a single unit or to upgrade an entire fleet – with new or used equipment.

Benefits

- 100% Financing. Conserve your cash for other needs.
- Lowest Monthly Cost. Use the equipment with low monthly payments while it generates income.
- Flexible End of Term Options. The option to purchase the equipment, trade-up to new equipment, return the equipment or continue to make payments on a month-to-month basis.
- Flexible Terms and Payment Structures. Terms and payment plans can be structured to meet specific cash flow needs.
- Preserves Available Credit. Financing doesn’t tie up existing lines of credit so you have more available credit when you need it. Leasing doesn’t apply to bank loan covenants.
- Tax Benefits. You may be able to deduct monthly lease payments on True Leases as an operating expense. Consult with your accountant or tax advisor for more information.
